

When you're like...

But I don't fit into that.
or that. or that. or THAT.

And you've decided...
I'm done with twisting.
And contorting.
Or trying to fit in.

I feel you.
If that's you,
Know it's me too.

Leaving only
one thing
left
to do.

To colour outside
the box.

or burn the box
entirely.

And create your
very own
universe.

One that fits You.
