

♡ Only the heart knows the correct answer. ♡  
Most people think the heart is mushy and sentimental.  
But it's not. The heart is intuitive; It's holistic, It's  
contextual, it's relational. It does not have a win-lose  
orientation. It taps into the cosmic computer - the  
field of pure potentiality, pure knowledge, and  
infinite organising power - and takes everything  
into account. At times it may not even seem  
rational, but the heart has a computing ability  
that is far more accurate and far more precise  
than anything within the limits of rational thought.
